More Monon Construction to Begin Today

Westfield, IN – Westfield Mayor Andy Cook announced that construction will begin today on the Monon Trail north from the first mile and ending at 161st Street. The construction is scheduled to be completed in early September. Yarberry Land Services, Anderson, IN, was awarded the project with a bid of \$156,442.

According to City Officials, this section of the Monon Trail in Westfield will be one of the most scenic sections with beautiful views overlooking wooden wetlands. “We are thrilled to be moving forward so aggressively on the Monon Trail construction,” says Mayor Andy Cook. “Our goal is to have this project completed on schedule and continue with more construction,” says Cook.

The old rail bed narrows significantly and will require retaining walls and railing along most of the trail. During this construction, the trail will not be open for public use.
